## CONTROL AT THE COMFORT OF YOUR VOICE COMMANDS

**Crescent Smart** offers you the comfort of controlling all your appliances with your voice only. Just ask Alexa or Google Assistant or any smart speaker to do the task for you. Let the installation be your Home or Office or Show room.

Skills and Actions of Crescent Smart Mobile App are recognised by AMAZON, GOOGLE and Eleven more brand of smart speakers in the world.

- **Alexa, Turn on conference room AC**
- **Alexa, zoom mumma room's camera**
- **Alexa, dim show room light by 50%**
- **Alexa, next channel on bed room Tata Sky**
- **Alexa, switch on coffee maker**
- **Alexa, start mopping robot**
- **Alexa, play Lata Mangeshkar in passage**
- **Alexa, turn off guest room heater**
- **Alexa, GOOD NIGHT**

(This is a preset scene. for e.g. turn off all the lights, AC and curtain in the group show room)

- **Ok Google, turn on living room picture light**
- **Ok Google, play news from aajtak**
- **Ok Google, turn bathroom geyser off**
- **Ok Google, adjust prayer room light to 60% brightness**
- **Ok Google, turn on all lights in board room**
- **Ok Google, turn off AC at 5.00am**
- **Ok Google, lift the show room curtain to 80%**
- **Ok Google, home theater volume to 5**

## SCENES

**Crescent Smart** App lets you create your own "Scene" depending upon the number of Crescent Smart Products installed. You can create a custom "Scene" which can switch ON/OFF various selected appliances on a single tap. Scene created by one user are automatically synced with all other mobile devices amongst your family members or office staff.

## SCHEDULES

Scheduling is like an alarm for any appliance. Create schedules as per your usage to turn On Balcony or Mannequin lights at a fixed time or switch Off AC at 05.00 am in the morning.

## VALUE FOR MONEY

**Crescent Smart** Products are priced to comfort Indian pockets.
